With the series with the Washington Americans at an end, Jack Dunn will take his squad to Newport Nevs to day for a game with the Shipbuilders, and will engage Mount St. Joseph's College to-merrow afternoon at Broad Street Park. These two games, Dunn believes, will put his men in shape to meet the Athletics on Friday and Saturday.

Hoffman appeared in 191 games during the season, and is credited with 362 times at bat. He made 111 his, seven sacrifices, and scored fifty-three times. His batting average was 207. In the field he accepted 161 chances, made six errors and thirteen assists, all for an average of 967. He is given twenty-six stolen bases, or an average of one out of every four times he reached first base.

Dunn is well pleased with the show-
